1951  
FIRST LADY*

## FOREWORD

"Some girls were born for great things,  
Some were born for small;  
Some—it is not recorded  
Why they were born at all."

—Will Carleton (paraphrased)

Girls do become responsible citizens. They develop sportsmanship, courtesy, honesty, and other desirable characteristics. Their place in the world of commerce and industry is established.

Girls is an appropriate theme for this yearbook of a vocational school for young women. Miss Louise Herler, to whom this annual is dedicated, helped many girls; they were her pride; their achievements were her joy.

"Fame is what you have taken,  
Character's what you give;  
When to this truth you awaken,  
Then you begin to live."

—Bayard Taylor

To a swell gal,

But the ones that are small,  
are best of all.  
Best of everything  
To one who deserves it.

Nancy J.

The class of 1951 dedicate this First Lady to Miss Louise Herler.

Miss Herler was born June 17, 1906, in Lawrenceburg, Indiana. The family came to Toledo when she was nine years old. After entering Lincoln School she became a member of the Girl Reserves. Miss Herler's chief interest while attending the old Woodward High School (site of public library) were the Friendship Club and other activities sponsored by the Y. W. C. A. She received her B. A. degree at Denison University, Granville, Ohio, and obtained her Masters degree at Columbia University during the summer sessions.

In 1929 after graduating from Denison, Miss Herler began her career at the Young Women's Christian Association as associate in the younger girls' department and eventually became director. She was still employed at the Y. W. C. A. when she died August 19, 1948.

Miss Herler, loving her work, became a real friend and leader of girls. Her slender figure was a familiar sight in gatherings of young people whom she was always willing to help.

Many women in Toledo today owe much to Miss Herler's steady influence exercised through the Girl Reserves and the Friendship Club movements (now known as Y-Teens). Whitneyites who have attended Camp Walbridge knew and loved her for her high standards, her sense of humor, and her deep understanding of the problems every girl faces. Not only has the Y. W. C. A. had difficulty in replacing Miss Herler, but her death leaves a void in the hearts of all who knew her.

—Connie Mourer

## DEDICATION

HISTORY OF COSTUME

DISPLAYED BY TEXTILE SCIENCE CLASSES

## IT'S A GIRL!

Such words greeted your entrance into life. Had you been born of Chinese parents, that remark would have meant tragedy. You were born or have made your home in the United States, and as an American citizen you are reaching toward equal rights for girls and women. Toledo was interested enough to provide a modern school for your education.

You have spent three years in Whitney halls (class-rooms) and heard teachers and advisers dispense "truth severe, by fairy fiction drest."

Next year will be a new adventure. For most of you formal lessons will be over; work experience will occupy a large part of your time. School days will be engraved in your book of memories.

Eliza Cook in *Old Dobbin* says,  
"How cruelly sweet are the echoes that start  
When memory plays an old tune on the heart."

The days of "Old Dobbin" were unknown to girls of today.

The age of atomic control is upon us. During the interim women have been accepted by industry. With skill to do, with mind to decide right from wrong, with courage in your heart you are equipped to meet the years ahead.

Success and pleasant memories to each of you. "It's a girl" in United States denotes responsibility as well as privilege.
